3rd International Conference of Evidence-Based Health Care Teachers & Developers
Building bridges between research and teaching
Taormina (Italy), 2nd - 6th November, 2005
"And that's our plan. Any questions?"
"Can't talk now. I'm in a seminar about improving communication with technology."
Current Research in EBHC

The experiments are fine. No one has any problems with them. What we need changed are the results.
Create partnerships in research and development

Careers: Go into Medical Research.
And some business too ...
Switch off your phone and email

"There's a gentleman here who wants to know why you've been ignoring his email messages."
Science Experiments
103 ways to have fun with Science

Have fun with:
- Gravity
- Electricity
- Lights
- Magnets
